

How to Host a (Virtual) Doodle Party

Step 1: Join us at the Drawing Board

Email us at jknapp@miyamotorelief.org to start planning your Doodle Party! We'll support you from planning your event, to running the party, to making a difference in children's lives.

Step 2: Sketch Out Your Event

Time to figure out logistics! We'll help you schedule the doodle party on your favorite video conferencing app, pick out some engaging activities for you and your team, and sort out all the little details.

Step 3: Doodle for a Difference

During the party, you or a member of our team will facilitate the doodling efforts by running the activities you picked out earlier. We will be online to offer further support and educate your team about the Night of 1000 Drawings.

Socialize

We've all seen how isolating the quarantine has been in the past few months. Holding a virtual Doodle Party is a great opportunity to have some fun.

Enable Your Team

Participating in a doodle party will enable you and your team to support youth in LA, without jeopardizing your health or security.

Make a Difference

Your doodles will populate our Night of 1000 Drawings Event, which will raise money for the Hope Street Margolis Family Center.
